

# Brass and Copper EDM Tubes

## EDM TUBES

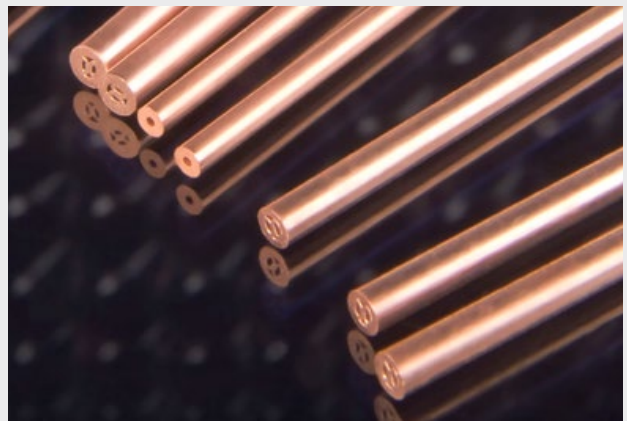

- Single and Multi-Channel diameters
- All sizes available in 300 and 400 mm lengths
- Additional sizes and lengths available upon request
- Sold in packages of 20 (20 tubes per package)
- Check General Catalog for stock and available sizes

## BRASS

- High quality brass
- Steel material removal (wire EDM starter holes)

## COPPER

- 99.9% Pure Copper (extremely high conductivity)
- Applicable to many materials, especially carbides

**For more information, call  
Sales at 800-448-8887**
